

USGBC News Items:

- 1) Green Building Leadership Awards**
- 2) 2004 USGBC AZ Chapter Board of Director nominations and elections**
- 3) October meeting advance notice**
- 4) USGBC AZ Communications Intern**

Details:

1) Green Building Leadership Awards

The Green Building Leadership Awards were established by USGBC to acknowledge and celebrate the significant contributions made by individuals and organizations in advancing the green building industry through demonstrated leadership and innovation. Through their work and dedication, the award recipients embody the mission and values of the USGBC. To nominate someone for the awards (there are multiple categories), logon to www.usgbc.org and go to the "Members" section.

2) 2004 USGBC AZ Chapter Board of Directors nominations and elections

Now is the time to make nominations for next year's board of directors. Email nominations to oscar.covarrubias@dmjmhn.com by October 16th. Potential directors should expect to spend approximately 10 hours a month on USGBC-related activities. Nominees will be announced at our October 17th meeting in Tucson (and by email) and elections will be held in conjunction with our November 4th chapter meeting.

3) October Meeting

Our October chapter meeting will take place on 10/17 at Pima Community College's Desert Vista Campus, the site of Arizona's only Bronze LEED building and the site of four LEED registered projects. Details to follow. We are investigating group transit options between Phoenix and Tucson, as well as hotel group rates and additional Saturday green tours.

4) USGBC AZ Communications Intern

The Communications Committee is looking for a communications student intern to facilitate implementing our media strategy and to maintain aspects of our member communications. We'd like to thank Duncan Frazier of ASU for helping us keep up our email list over the summer as interest has grown rapidly. If you know a student who would be interested, please contact myself for a complete position posting.
